PLANNING FOR THE FUTURE

Child and Family Centres: *From Vision to Reality*

Best Start Child & Family Centers will provide “a one-stop opportunity” for parents and families to access support during the early years in their child’s development. Yet, how can a comprehensive program benefitting Ontario’s children and families be met by so much confusion and anxiety?

This presentation will provide an overview of how a consolidation of services within a child and family centre can be planned and developed in collaboration with community partners.
